CHAIRMAN'S MESSAGE

SOLOMON S. CUA
Chairperson

Dear Shareholder,

We are enormously pleased that 2015 has allowed AXA Philippines to take advantage of the encouraging economic environment to sustain its momentum and expand its business. Allow us to share some of the company's remarkable accomplishments for the past year.

The insurance industry in 2015 has benefited tremendously from the favorable business climate. Vigorous stock market performance and sound macroeconomic fundamentals have driven the industry forward, allowing it to reap a staggering P188.5 billion in Total Premiums and register a growth of 19%.

As partakers in the insurance sector's robust performance, we are proud to let you know that we have grown by 24% this year, posting a Total Premium Income of P22.8 billion compared to the P18.3 billion we had in 2014. This allowed us to further cement our market share from 11.6% a year ago to 12.1% to date and solidify our presence — as the strong second in the life insurance industry per the Insurance Commission's rankings.

#TomorrowToday

Our ability to break ground into new product lines that includes the prospects from the acquisition of Charter Ping An shows our unwavering commitment to become one of the best financial institutions in the sector, giving us plenty to be optimistic about in the years to come.

Part of our success lies with the strong performance delivered by the people working in the distribution channels of AXA Philippines. Strong market growth of single premium investment products during the first half of the year provided steady foundations for the Bancassurance channel. On the other hand, the 2,700-strong team of financial advisors and the opening of multiple branches gave the Agency channel the boost they needed to grow their footprint. As a result, their combined tireless effort rewarded AXA Philippines with a 21% increase in new business sales equal to P4.76 billion as measured in Annualized Premium Equivalent (APE) — of which, two thirds came from the Bancassurance channel with the balance coming from the Agency channel.

And we're only halfway through.

Our strong partnership with Metrobank and PSBank – our main distribution channels – had overwhelmingly positive effects on our financial output, especially in terms of our earnings. In addition, AXA Philippines' regular premium income rose to P7.7 billion last year, a 24% growth that eclipses the industry's 22%. The stellar business development we enjoyed the previous year was capped by a 13% increase in our net income, which we saw rise to P1.4 billion. With over 800,000 lives insured and a growing pool of individual customers now at 215,000, year 2015 has indeed been exceptional for us.

Top Performers from Bancassurance were rewarded with a trip to Paris

Serving you has been a privilege that I am deeply grateful for. On behalf of the board, allow me to thank you, our valued customers, for your continued trust and condence in us. I would also like to thank our dedicated employees whose individual contributions over the past year continue to help us become a company others look up to, want to do business with, want to invest in, and want to be a part of. We are looking forward to another exciting year with you.

Thank You,

Solomon

Chairperson

Signing ceremony of the Sale and Purchase Agreement (SPA) for Charter Ping An Insurance Corporation, the non-life insurance company of GT Capital Holdings.

Benoit Claveranne takes a selfie during the AXA PH Townhall.

MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

AXA Philippines has made significant progress on different fronts in 2015—not just in sales achievement but also in important value drivers such as weighted premium income, assets under management and risk assumed. AXA has consistently outpaced market growth in total premium income, growing at 24% versus the industry's 22%. This momentum has led to further increasing our assets under management by 21%, and total individual sum insured by 25%. For our shareholders, the results have been attractive with a 30% return on equity. This impressive success has been achieved with the support of our bank partner, and the joint effort of our distributors and our employees having one shared goal: **to be the best in the eyes of our customers**. As we move forward with the ambition of accelerated growth by 2020, we are guided by this very same commitment to our customers.

Our Growth Strategy

The local economic growth and demographic changes have created the environment in which a growing middle class can emerge. This presents a tremendous opportunity for growth in the insurance market. We look to sustain our strong position with our transformative growth strategy that will enable us to serve according to the changing behavior and needs of our customers, and be ready in responding to emerging trends and shifts in technology and communication.

Providing Customer-Centric Propositions

AXA has always taken pride in bringing innovative and relevant solutions to our customers. In 2015 for example, AXA launched the first critical illness product in the local market that provides coverage up to age 100. Central to meeting our ambition is offering superior value propositions that address the whole range of our customers' financial needs, be it basic protection, health, retirement or investments, while also recognizing the different servicing and communication demands of the different customer segments.

Transforming Customer Experience

We strive to provide exemplary customer service and increased efficiency through the digitalization and simplification of our processes. We look forward to increasing our presence in digital platforms, including a self-service portal for our customers to more conveniently transact with us.

We also continue to make investments in digital assets and data so we can understand our customers' needs better.

Strengthening our Distribution Footprint

AXA Philippines' distribution channels strongly contributed to our accomplishments last year by increasing our new business sales. We continue to sustain this momentum, while increasing the level of professionalism and productivity of our distributors so that our customers can continue to benefit from the best financial advice and solutions they can offer.

Expanding into Non – Life Insurance

Among the important strategic accomplishments our group achieved recently was the expansion of our business. Our venture into the non – life insurance industry shows our ability to transform our business and pursue attractive and promising opportunities for growth where they exist.

By extending our product range, we can now provide customers the convenience of having life, health and general insurance solutions in one place. In addition, this venture will also allow us to establish our presence in the corporate segment for commercial lines and employee benefits. We are truly excited and optimistic about this new endeavor. We are confident about its potential to strengthen our customer's access to our distribution channels, which will help us grow our customer base, building wider and deeper relationships with the people we serve.

We have come far as an organization and our success could not have happened without the dedicated efforts of our employees, financial executives, agents, and our bank partners, after all, success is not delivered by strategies, it is delivered by people.

I would like to thank our shareholders for their continued confidence in our organization and in our ability to secure our customer's financial future through the unquestionable capability of our company. As we persist toward the ambitions that unite us as a group, let us never lose sight of our ambition: to be the best in the eyes of our customers. I am confident that by remaining faithful to what we promise to deliver, AXA Philippines will be able to provide financial security and prosperity to more Filipinos.

CORPORATE GOVERNANCE

AXA Philippines is committed to the highest standard of corporate governance.

AXA Philippines board-approved Corporate Governance Manual (CGM) is the local implementation of the Regional Corporate Governance Blueprint (RCGB) rolled-out by the Regional Office in 2008. The CGM seeks to bridge the gaps between the Regional Corporate Governance Standards and the existing corporate governance structure in AXA Philippines. The CGM also embodies the corporate governance rules and regulations of the Securities & Exchange Commission (SEC), and the Insurance Commission (IC) and incorporates policies on the compliance system.

THE BOARD OF DIRECTORS

Board Composition

The Board is composed of 11 highly qualified business professionals. Of the 11, two are independent directors.

The Members of the Board collectively have the full range of skills needed for the effective and prudent operation of the AXA Philippines. Each director has skills that allow him or her to make an effective contribution to the Board deliberations and processes.

The Board will have at least two (2) independent directors.

Duties and Responsibilities of the Board

The Board of Directors has the overall responsibility for:

- governance of the Company including its strategic direction;
- reviewing and approving plans established by management;
- monitoring of performance against agreed plans;
- establishment and monitoring of internal controls and compliance with applicable legislative and regulatory requirements; and
- delegation of authority to management.

The directors consider that there are fundamental ethical values that underpin their role as directors and as members of its Board and committees. At all times, directors are expected to:

- act with integrity;
- be honest and open with each other;
- ensure whenever and wherever possible that they do not engage in any activities that may result in a conflict of interest with their duties to the Company and that cannot be appropriately managed;
- work co-operatively among themselves and with management in the best interests of the Company; Company operates;
- have an active interest in and concern for the communities in which the Company operates; and
- avoid any behaviour that is likely to reflect badly on the Board or the Company.

Policy on Conflicts of Interest

Under AXA Philippines' CGM, Directors are required to disclose any conflicts of interest and to abstain from participating in any discussion or voting on any matter in which they have a material personal interest except with the prior approval of the Board.

Board Attendance

The Board holds regular meetings, at least four (4) times a year, on dates set at the beginning of every year. In 2015, the Board held six (6) meetings with attendance rate of 92%. Below is the record of attendance of the directors at the meetings:

	Feb 23	Apr 30	Jul 31	Aug 28	Oct 28	Dec 14

BOARD COMMITTEES

AXA Philippines exercises authority over specific aspects of its business through various Board Committees.

Executive Committee (EXCOM)

The EXCOM is currently composed of seven (7) directors which includes the Chairman of the Board, Vice-Chairman, and President and CEO. The EXCOM acts within the power and authority granted by the Board and is called upon when the Board is not in session to exercise the powers of the latter in the management of the Company.

Board Risk Management, Audit & Compliance Committee (BRMACC)

AXA Philippines BRMACC monitors and approves internal controls, risk management policies and procedures. BRMACC reviews and approves material or significant related-party transactions (RPTs). It monitors AXA Philippines business conduct and compliance with laws, regulations, Company policies and relevant codes of conduct.

Board Remuneration Committee and Board Nominations Committee

The Board Remuneration Committee and Board Nominations Committee appoint and if appropriate, terminate the contract of the Chief Executive Officer. They ensure the adequacy of succession planning and review the performance of the Chairman, the Board and its Committees.

Board Investment Committee (BIC)

The BIC approves material acquisitions and disposal of Company property.

RISK MANAGEMENT AND COMPLIANCE

AXA Philippines is in the business of risk, and risk management for our customers is one of its core competencies. AXA Philippines considers risks to be owned by the respective business units and process owners. Therefore, everyone in AXA Philippines is expected to proactively manage the risks inherent in their respective areas.

AXA Philippines commits to comply with all insurance and consumer laws and regulations. In this regard, AXA Philippines shall continuously enhance its compliance programs that will assist its employees and the Board in identifying, measuring, monitoring and controlling compliance and business risks.

Board Risk Management, Audit and Compliance Committee (BRMACC)

The BRMACC is mandated to assist the Board in overseeing the risk management and compliance of AXA Philippines.

The BRMACC's primary duties and responsibilities are as follows:

Compliance, Risk Management & Internal Control

To allow BRMACC to review and form an opinion on the effectiveness of the Company's compliance, risk management and internal control frameworks, the Committee –

- A. Considers management's and/or internal / external auditors' assessments of the effectiveness of the internal control and risk management processes including any weaknesses or other issues revealed by investigations of the causal factors behind events such as internal frauds, significant legal actions and reported operational failures, as well as the results of reviews performed by bodies such as internal and external audit, compliance, management control functions, and regulators.
- B. Reviews regular updates from management on significant complaints, external and internal fraud.
- C. Obtains regular updates from management, Compliance and Legal on significant regulatory compliance matters, the effectiveness of systems for monitoring compliance and any instances of non-compliance;
- D. Obtains regular updates from Legal on the status of material open litigation and other proceedings and the related reserves;
- E. Reviews periodically any significant complaints received;
- F. Reviews business risk profiles and periodic risk management statements;
- G. Reviews and monitors fraud and anti-money laundering policies of the Company;
- H. The scope of the systems of internal control, as reviewed by the BRMACC, includes internal control systems, including information technology security, that help ensure sound financial reporting and safeguarding of the Company's assets.

Financial Statements & Reporting Processes

To allow BRMACC to form an opinion on the integrity of the publicly reported results and disclosures made in the financial statements of AXA Philippines, BRMACC –

- A. Reviews recent professional and regulatory issues and pronouncements and their impact on the financial statements and reporting processes of the Company.
- B. Reviews the draft local GAAP financial statements to be submitted for approval to the Board to consider the quality, accuracy, completeness and clarity of the information provided and challenge, where necessary, the actions and judgments of management, particularly focusing upon:
 - I. Significant accounting policies or practices and any changes thereto.
 - II. Compliance with Accounting Standards.
 - III. Material decisions requiring a major element of judgment or significant estimates.
 - IV. The treatment and disclosure of any new complex and/or unusual transactions during the period.
 - V. Any significant adjustments resulting from external audit work or otherwise.
 - VI. Any qualifications or non-compliance with accounting standards or any listing, regulatory and/or legal requirements with regard to financial reporting.
 - VII. Any matters drawn to the attention of the Committee by the Company's external auditors.
- C. Considers the results of, and procedures for the receipt, retention and investigation of, any significant complaints received by the Company regarding accounting, internal controls over financial reporting, or auditing matters.

External Auditors

To allow the BRMACC to form an opinion on the effectiveness, performance and independence of the Company's external auditors, BRMACC –

- A. Reviews the external auditors' assignment plan, annual report and management letter.
- B. Reviews the breakdown of the fees paid to the external auditors by the Company.
- C. Considers the appointment, reappointment, dismissal or resignation of the external auditors and oversee the process for selecting the external auditors, making recommendations regarding their appointment, reappointment, or dismissal to the Board.

Internal Auditors

To allow the Committee to form an opinion on the effectiveness, performance and independence of the Company's internal auditors, BRMACC –

- a. Reviews and approves the Company's internal audit plan, charter, and activities particularly with regard to it being adequately resourced and free from constraint by management.
- b. Reviews the major findings presented by internal audit and consider the appropriateness of management's response to them.
- c. Reviews the quarterly report on resolution of internal audit issues, requesting further management explanation where

necessary for high priority issues that are overdue.

- D. Reviews a periodic independent assessment of the effectiveness of the internal audit function, including compliance with generally accepted auditing standards
- E. Considers the appointment, appraisal, resignation and dismissal of the Head of Audit with the AXA Asia Head of Audit.

Other Duties

BRMACC –

- A. Performs other activities according to the applicable regulatory requirements and the joint venture agreement between the shareholders;
- B. Performs other activities related to these terms of reference as requested by the Board;
- C. Reviews and assesses the adequacy of these terms of reference annually, requesting Board approval for proposed changes;
- D. Confirms annually that all responsibilities outlined in these terms of reference have been carried out; and
- E. Evaluates the performance of the Committee and its members on a regular basis.

AXA Philippines monitors and manages the risks inherent to its business through tools, programs and methods which include development of policies and processes, use of risk rating systems, establishment of limits, periodic reporting to the BRMACC, Key Risk Indicators, and review of strategies and performance of key functional areas or indicators, and Business Continuity Planning.

WHISTLE BLOWING POLICY

AXA Philippines adheres to AXA Asia Regional Whistleblower Policy which is designed to facilitate fair and thorough investigations of all reported instances of improper conduct through a mechanism that ensures that the person making the disclosure is protected from any potential reprisals or retaliatory actions. All reported incidents and any information given will be treated in confidence and every effort will be made not to reveal the identity of the person making the disclosure.

Reporting of any concerns or suspicions on possible violation of rights or unethical behavior may be made through the following details below:

Financial Statements

INDEPENDENT AUDITORS' REPORT

The Stockholders and the Board of Directors
Philippine AXA Life Insurance Corporation

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Philippine AXA Life Insurance Corporation, which comprise the statements of financial position as at December 31, 2015 and 2014, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years then ended and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Philippine Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Philippine Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements present fairly, in all material respects, the financial position of Philippine AXA Life Insurance Corporation as at December 31, 2015 and 2014, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards.

REPORT ON THE SUPPLEMENTARY INFORMATION REQUIRED UNDER REVENUE REGULATIONS 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations 15-2010 in Note 27 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of Philippine AXA Life Insurance Corporation. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.
