MARKET COMMENTARY

The fund delivered positive returns in June on the back of a strong global equity and bonds market. Global equity markets remained resilient despite the increased volatility from macroeconomic uncertainty and escalating geopolitical tensions. Emerging market equities led gains for the period and outperformed their developed markets counterparts. Global bond markets remained resilient despite the increased volatility due to geopolitical tensions, slowing growth and rising fiscal concerns. During the period, JP Morgan Asia Pacific Equity and Federated Hermes Asia Ex Japan Equity were the leading contributor to performance for the period benefitting from their regional allocation. Other notable contributors to performance included AB American Growth, Amundi Russell 1000 Growth ETF, iShares MSCI Emerging Market Asia ETF and NT AC Asia ex Japan Screened Equity. However, iShares Physical Gold ETC lagged other holding for the period as all holdings were positive for the period.

FOOTNOTES

¹ Quoted Asset Management Charge is inclusive of Fund Manager, Custodian and Fund Administration fees and VAT. Please note that the target fund of the Fund charges a separate management fee which is included in the computation of the Fund's NAVPU.

² Volatility measures the degree to which the Fund fluctuates vis-à-vis its average return in a specific period. The lower the number, the more stable the Fund's return is.

³ Fund return refers to the fund performance based on the NAVPU movement of the fund

⁴ Cumulative returns is the total earnings performance of the fund in a specific period.

⁵ Annualized returns is the Compounded Annual Growth Rate, or the simulated growth rate on a yearly basis if Principal plus Interest are re-invested annually.

The investment fund is not a deposit product and is not insured by the Philippine Deposit Insurance Corp (PDIC). Returns presented are not guaranteed and graphs of historical NAVPUs are for illustration only. The Fund figures reflected in this document are not indicative of future performance. Potential investors should be aware that the price of units per share and the potential income from them may go up or down depending on market fluctuations, and thus are not guaranteed. The figures are exclusive of charges which will vary depending on the AXA product where this fund will be used. The weekly unit prices of the AXA funds are published every Tuesday in the business section of the Philippine Star. You can also get more information at <http://www.axa.com.ph>.
